

PRESENTATION
of Czech Nanotechnological Companies
Croatian Chamber of Economy, Zagreb, 16 September 2020

 <p>nanoSPACE s.r.o. Vladislavova 250 397 01 Písek, Czech Republic +420 603 417 229 e-mail: jiri.kus@nanoasociace.cz http://www.nanospace.cz</p>	<p>nanoSPACE s.r.o.</p> <p>nanoSPACE is a new dynamic company that operates in the Czech Republic and international markets, specializing in nanofibre products. It is the first company in the world that manufactures nanofibre barrier bedding covers and anti-dust mite toys. This innovative way to protect against dust mites and their allergens places nanoSPACE among the world's leading manufacturers of anti-allergic protective coatings for bedding</p>
 <p>PARDAM Nano4fibres s.r.o. Žižkova 2759, 413 01 Roudnice n/L, Czech Republic +420 734 436 633 e-mail: jan.buk@pardam.cz http://pardam.cz</p>	<p>PARDAM Nano4fibres s.r.o.</p> <p>Pardam Nano4fibres produces high-quality nano fibrous materials (inorganic NnF CERAM© and polymer NnF MBRANE©) manufactured using industrial forspinning production technology. Pardam Nano4fibres has been focusing on production and development of nano fibrous materials since 2009 and has extensive experience with electrospinning and forspinning production technology. Various applications exist in e.g. separation membranes, battery separators, catalysts.</p>
 <p>PIKATEC CZ s.r.o. Čestlice 289 251 01 Čestlice, Czech Republic +420 775 915 612 e-mail: stemberk@pikatec.cz http://www.pikatec.cz</p>	<p>PIKATEC CZ s.r.o.</p> <p>Pikatec is a purely Czech technology company, which cooperates with the Technical University of Liberec on developing nanotechnologies for surface protection. Pikatec nanotechnologies protect surfaces of cars (exterior, interior), in households (wood, leather, glass, ceramics, stainless steel, plastic surfaces, stone, etc.) in business areas (offices, restaurants, hotels, etc.) boats, planes and many other. The patented nanotechnologies protect surfaces against dirt and damage.</p>

PRAGOTHERM, servis fasád s.r.o.
Bílenecké nám. 6/4, Dolní Chabry
18400 Praha 8, Czech Republic
+420 774 361 508
e-mail: bares@servisfasad.eu
www.servisfasad.eu

PRAGOTHERM, servis fasád s.r.o.

Pragotherm is a company that uses photocatalytic nano-coatings to protect facades from microorganisms. It deals with commercial applications, especially for apartment buildings and monuments.

RETAP s.r.o.
Vaňkova ulice 730
463 65 Nové Město pod Smrkem, Czech Republic
+420 603 260 891
e-mail: milos.hersalek@retap.cz
<http://www.nanocisticky.cz>

RETAP s.r.o.

Retap is the Czech manufacturer of unique air purification system Nanoaircleanser made of natural materials, wood, glass, canvas, and ceramics. By using a process of nanophotocatalysis, air purifiers Nanoaircleanser decompose chemical pollutants and eliminate bacteria and viruses in the interior.

Smart Coatings s.r.o.

e-mail: info@smartcoating.cz
<https://www.smartcoating.cz/>

Smart Coatings s.r.o.

Smart Coatings is a young, progressive company engaged in research and development of smart technologies based on nanomaterials and their introduction into commercial applications. It tests its products worldwide in collaboration with other research organizations.
